

Reliable, affordable SMEs
payroll services

Enjoy dream payroll services 24/7

Our clients are real people, and real businesses. We get to know them and understanding what's happening for them individually and in their markets. We love sharing their successes - especially because we know their time, effort and money not spent on your payroll means more for what really matters: competing better and growing.

Because different types of businesses face different challenges in managing their payroll, we use our industry's expertise to focus our payroll services on the needs of SMEs across five core sectors.

Clients from the Construction, Legal and professional, Leisure and hospitality, Manufacturing and Retail sectors can choose to either outsource their entire payroll function or we work closely with them to define exactly which aspects they would like Dreampay to manage for them.

We can make your payroll really work for you. Cost efficiently. Smoothly. On time, every time - no matter whether it's currently managed in house or you are looking for a painless, easy transfer from another payroll provider.

Our difference is being your payroll partner. We don't think of ourselves as just 'outsourcing'.

We really do take time to understand your business so we can tailor our payroll services to meet with your specific requirements and work seamlessly with you. You are always in complete control.

Tuned-in creative approaches mean our payroll services deliver tangible benefits for your staff and business, and fresh thinking - like the use of payslips to support internal communications or to generate advertising revenue.

For a tailored, creative service package that supports your payroll effectively and deliver wider benefits to your business, why not give us a call?

Whichever Dreampay option you choose, we will make sure your payroll runs like a dream!

Dreampay specialises in providing managed and bureau payroll services to SMEs - small and medium enterprises in all shapes and sizes, ranging from niche and new businesses employing just a handful of staff to established companies with up to 250 employees.

We believe the Dreampay difference is that we really do see our payroll service as a partnership, working with you so we can bring new ideas and best practice to you as our work evolves with your business to always meet its needs, including:

- A proactive partner who really understands your business
- Specialist payroll experts on hand 24/7 rapid response customer support - as well as a dedicated account manager for your company, out of hours you'll speak directly to one of our senior managers or directors
- No staff absence risk, cost or inconvenience - we will complete your payroll on time, every time
- Time and cost savings - so staff can concentrate on growing the business
- Peace of mind - accurate, HMRC compliant payroll every time
- Complete confidentiality - our systems are 100% secure
- Our systems - Our software is extremely versatile and can accommodate all your requirements including the latest technologies such as electronic filing and e-payslips available to all or just selected employees
- Fresh thinking - we offer you the possibility to use your payslip as a promotional channel and even generate advertising revenue from it!

All this is part of our Standard Services with no hidden charges, set up fees or minimum contract period. Dreampay also provides great value Extra Services that make life even easier and bring wider business benefits.

Did you know that with Dreampay's specialist payroll services, you can run an advertising message on your payslips or attach a handout to generate advertising revenue or provide extra staff benefits from external sponsors?

Of course, no two businesses are the same, but if your company is stretched and growing fast, or has old payroll systems, we are confident we can help make your payroll easier, less stressful and more cost efficient.

We would really enjoy to talk with you and share the benefits of the payroll services we can deliver - your dream pay solution.

Dreampay is a Yorkshire based business, which enjoys working with SMEs. With a friendly, down to earth team you will always find a helpful person on the other end of the phone to assist you in any way we can including our 24/7 rapid response service.

The business operates from our offices located off Junction 39 of the M1 motorway; we do not sub-contract any of our services and all employees are UK based. Should you like to meet us you are always welcome to visit our offices or we can come out to see you at yours.

Managing an SME can be challenging at the best of times, with Dreampay, you choose to partner with a friendly proactive payroll bureau experienced in your sector and with an in-depth understanding of the issues your business faces.
